The following list gives general guidelines for all applicants. Each item will be presented as a separate form for you to complete on our online portal. Specific instruction can be found throughout the online application process. Required support material guidelines are listed below and in the online portal.

- Application information including your general information and requested dates of residency.
- Artist statement (1,500 char limit, ≈250 words) about your current work and a statement of intent (1,500 char limit, ≈250 words) of what you propose to work on while at the center and why this residency is important to you at this time or stage in your career. Your name or the name of your collaborator MUST NOT appear in the contents of either of these statements.
- Contact information for two professional references that are familiar with your current work and your potential to be a positive member of our community of residents.
- Professional history from your current resume or vita. Your name **MAY** appear in the contents of this information.
- An OPTIONAL professional practice or outreach proposal. If you are interested in engaging
 members of the Nebraska City community, you can provide us with information about the type of
 activity you would like to facilitate. This is NOT required and has no influence on your selection for a
 residency award.
- Support materials, or work samples, for your specific discipline. See the guidelines below for your discipline.

Application fee of \$35 paid via credit card through the online portal. The fee includes our base fee plus an additional Slideroom administrative fee for media upload. All fees must be paid through the portal; check or money order CANNOT be accepted by the center.
